### **Corporate Strategies Trainer ~ Speaker**

Victoria has helped over 9,000 people throughout Australia and New Zealand deal with the enormous variety of problems and challenges facing them in the workplace, and their personal lives, every single day.

Her life as a speaker began 28 years ago as an instructor in the Australian Army Reserve.

During the following 23 years, as a Training Subject Master, Victoria trained over 7,000 soldiers and officers in drill, weapons and theory and was promoted to the rank of Warrant Officer.

Since then, she's taken this experience, and more, to help people from all walks of life gain more confidence and influence in their communications.

The combination of her military skills, her formal accreditations in Training & Assessment, Psychosomatic Therapy and Neuro Linguistic Programming (NLP), plus her experience in presenting a wide variety of topics to a diverse group of industries has given Victoria a unique speaking style as well as valuable insights into people's behaviour.

Her training and keynote speaking topics focus on giving audiences real, take-home techniques that will provide immediate impact at work and in their personal lives.

Fun, insightful and easy to use, her sessions create engagement through not just listening, but also by doing.

### **Testimonials**

"Surprisingly, we learned heaps more about ourselves as people and members of a team. Victoria was inspiring, positive, effective, energetic, fun and unforgettable."

"Victoria, thank you so much for a wonderful day. It was both enlightening and informative not only on a professional level but also on a personal one. You were absolutely dynamic!!

The ladies who attended had nothing but good things to say. I have never been to a conference before (and I have attended many), where all the participants were engrossed all of the day and apologised for having to leave early.

It was a pleasure to have you at our conference and I hope we cross paths again."

"I've never seen a group of people so motivated and re-energised from a workshop.

The flow on effect was also noticeable on the following day with the people they supervise asking me questions about the training and recommending other supervisors who would benefit from the training."

"Victoria's enthusiasm is also a highlight being discussed, not only for being able to get people to engage and absorb the course content, but also that our people were engaged for the full day. Many have said that it's the first course they've been to where that's happened. Well done, Victoria. Please accept our thanks for making it all come together."

"Remarkable training skills ... really informative and applicable to my daily work. Made me think critically about things. Victoria is extremely bright, well-informed and able to keep the entire class engaged and motivated throughout. I'm very happy to have been a part of it and have learned and shared loads this week. I look forward to more training with Victoria!"
